Dear Mr Morris:

I am writing to thank you for your very nice letter of May 2nd. It is nice to know fans like you realize and appreciate the many handicaps under which we have always operated. As I am sure you know this year we are experiencing additional hardships, but with the encouragement and cooperation of such people as you, we will do our best and carry on.

I am glad you like Suttles as manager. In addition to being a good ballplayer he is also a fine gentleman, and I am sure he will not disappoint you. The team is of course weakened, as all baseball teams are, but I believe we have a pretty nice club.

I shall see that Suttles receives your message, and hope to see you at some of the games.

Very Truly Yours
